Your “3rd place” - a home away from home where
you can move, breathe and grow together.

samadhi

samadhī

Samadhi is a word rich in meaning. It is a state of consciousness in yoga philosophy. It is the highest and most advanced stage of spiritual development and is often referred to as "bliss" or "liberation."

This unique individual experience provides a deep sense of inner peace, harmony, and unity with all things.

Fueled by this philosophy, Samadhi Wellness, is a mindset inspired by the literal meaning of this mystical word. It is an environment that fosters connections and aims to create a continuous journey to self discovery and growth.

We created a "3rd place" where people can come together, flow together, and grow together. We strive to provide best-in-class yoga classes, wellness, self-care and (nourishment) experiences.

Join our community and experience the transformation that begins from within.
